## Work Experience

---

### **Apprent**

J murphy & sons

I started working for this company in 2015 as an apprenticeship as an electrician I have worked there now for over 3 years, this job entailed customer service skills, target meeting, face to face communication and problem-solving liaising with multiple clients, experience in working in a rapidly changing and developing environment.

Also, the job entitles producing multiple documents, including end of day reports, timesheets, risk assessments, methods statements. This is also filing the documentation.

## Education

---

### **GCSE in Maths**

Wright Robinson College

## Additional Information

---

I am Hardworking, highly motivated, punctual, reliable Individual. I love to meet new people and enjoy new challenges. I am a very focused person and always meet targets set. I can work on my own and in a team. I use my own initiative and always see the picture bigger in the job at hand.
