Achievements

Engie - Gold Award

2018 Prevented a Distressed man from jumping from a bridge, holding on to him for almost an Hour until myself and Emergency services finally managed to talk him down. I received a Gold Award from Engie for my actions under Caring in the Community.

Project: Halewood Environmental Task Team—

In 2008 I was Given 6 long term unemployed persons of various ages. under a Government funded initiative. I had to co-ordinate and set them to work on various projects within the Local Community and Mentor them. After a year and the schemes conclusion, all 6 had found full time employment.

Project: Blackburn -Sea Cadet unit Building.

With 7 crew members from HMS Brave we installed new Wiring, showers , toilets, ceilings, stud walls and partitions to an empty shell of a building to make it Habitable for the Sea Cadet Unit.
