Personal statement

An intelligent, competent and highly motivated B.Sc. computer science and engineering graduate with First Class Honours from Leading University Bangladesh, and a current networking technician looking for opportunities in a high-quality, multi-disciplined environment in network Engineering and customer support. Strong comprehension of a variety of core engineering concepts that are needed to translate innovations in research into technological advances in industry. Proven ability to multi-task, efficiently complete projects to a high standard both independently and within a team environment, all driven by dedication to hard work.

Education

University of Hertfordshire
(2019 – Running)
MSc Cyber Security

Leading University, Bangladesh
(2013 – 2017)
B.Sc. computer science and engineering - First Class Honours
Notable Modules –computer networks, compute network: sessional, computer programming, data structures, artificial intelligence, web technologies.

Shahjalal University of Science & Technology, Bangladesh (SUST)
(2016-2017)
cisco certified networking associate (CCNA) Routing and Switching- 80 average (4 semester).

Blue Bird High School and College, Bangladesh
(2011 – 2012)
Higher Secondary school Certificate

- Mathematics A-
- Chemistry A
- Physics A-
- Biology A-

Police Line High School, Bangladesh

(2009 – 2010)

Secondary school Certificate

- Mathematics, A
- English A-
- Chemistry A
- Physics A+
- Biology A

Work Experience

Executive, IT & support Department (Manor IT Limited, Bangladesh)

(Jan 2019 – July 2019)

- Responsible for router configuration and server maintenances.
- Following Standard operating system and customer support.
- Working as part of a team to aid in completing process tasks.
- Updating records and inputting data and Monitoring.

IT Executive (Flamma Soft, Bangladesh)

(Aug 2017 – Oct 2018)

- Following Standard operating system and customer support.
- as a trainer in IT sector.
- Working with other colleagues to ensure store goals are met.
- Updating records and inputting data and Monitoring.

Skills

- Computing – Competent in Microsoft Office, including Word, PowerPoint and Excel.
- knowledge about telecommunication software – Vos, jeraSoft.
- Networking- configuration and server maintenances.
- HTML and CSS

Career Summary

- Excellent skill in Routing & Switching, Computer Networking.
- Worked closely with senior developer
- Ability to give estimates on work required.
- Creation of standards compliant, semantic, web interface by HTML, CSS.

Extracurricular Activities

- Participated in seminars and workshops (Member of Computer Club, Leading University, Bangladesh.)
- Social working shopenpuron shohojatri.
- Participated in sports competition (Leading University (LU) Annual Sport Competition).
- Participated in social activities. (Donated blood twice with LU Social Servicing Club).
