## 6 person has recommended Larisa

"Larisa was a very good colleague, delivering all the technical information in time and with high accuracy. I had a very good collaboration with her, I always remarked in her a very organised team player, as well polite and disciplined. Being a young person, she is full of energy and very enthusiastic in all tasks and projects she dealt with. "

— **Drago# Holban, M.Sc., CFO, ROSEGUR**, managed Larisa indirectly

"Larisa is a great team player, always willing to learn and to help. She can be an example for everyone. It was a pleasure working with her."

— **Mihai Edward Ionescu**, managed Larisa indirectly

"Larisa este una dintre putinele persoane ce intelege ca munca de echipa nu inseamna transferarea sarcinilor catre colegi in cazul in care acestea sunt dificile, ci gasirea de solutii tehnice fezabile apoi dezbaterile lor impreuna cu echipa; urmand ca apoi sa duca la bun sfarsit atat sarcinile ce i-au fost atribuite initial cat si pe cele conexe, necesare atingerii obiectivului echipei. In perioada colaborarii a dat dovada atat de pregatire teoretica de inalt nivel cat si de spirit tehnic, fiind capabila sa adapteze solutiile tehnice propuse de proiectant la situatiile intalnite in teren si sa obtina feedback pozitiv atat din partea superiorilor cat si din partea proiectantilor. O recomand pe Larisa Maria Toba tuturor celor ce au nevoie de un coechipier bine pregatit ce nu va omite sau lasa la voia intamplarii niciun detaliu si isi va asuma deciziile luate."
