

Louis Collins  
UI / UX Designer

Apartment 9, Independent House,  
125 High Street, Heckmondwike  
WF16 0PW

## About

Outgoing, passionate and driven designer. Striving to deliver results through inspiring outcomes from creative ideation. An Industrious worker that enjoys integrating into a team, while focusing on finding solutions with an analytical approach. Experienced in digital and print with a keen interest in UI/UX, marketing and branding, including a vast range of skills to accommodate.

## Work Experience

- **UX Designer, Acquire Inc ( Jan 2019 - June 2019 )**  
Acquire Inc enabled me to approach design with a truly UX approach, beginning projects with wireframes, prototypes, persona's and analytics, just to name a few. Designing and maintaining websites on Wordpress and Shopify, utilised and developed my html/css skills, as well as implementing and deploying code on Microsoft Azure.
- **Visual Designer, Fantastic Media, ( Sep 2015 - Dec 2018 )**  
Fantastic Media are a fully integrated marketing agency. I have been fortunate enough to be given the opportunity to thrive from the varied projects I have been able to work on. I first began here designing and building HTML emails, since then I have worked on numerous projects in print and digital as well as liaising with clients. Working along side the Head of UX I found an appreciation for a user centred approach which has made me the designer I am today.
- **Junior Designer, Reliance Precision ( July 2015 - Aug 2015 )**  
Reliance Precision are a global mechanical parts company who supply parts to the Aerospace, Military and Science sectors. Here I got my first taste of the design industry, working alongside their in-house graphic designer.
- **Front Of House, Statham Lodge Hotel ( May 2009 - Sep 2014 )**  
Although unrelated to design, this role played a huge part in making me a professional. Looking after huge weddings and functions taught me valuable time management, communication and general life skills.
