Leyland Trucks (DAF)

Preston, Lancashire

December 2016-

December 2016

HGV Manufacturing

- Assisted employees with daily tasks such as building pneumatic and mechanical components, this improved my knowledge and understanding of mechanical engineering.
- Added to my prior knowledge surrounding health and safety regulations in the work place, including PPE (Personal Protective Equipment) and what is involved. Making me much more knowledgeable about how to keep myself and others safe in the workplace.
