		<p style="text-align: center;">Additional Information</p> <p>I'm constantly keeping up with new technology, emulating environments on my mac and pc to keep up with the latest operating systems so that I am ready to support customers. For example I have been running the beta of server 2019 for a year in preparation to support, install and migrate. I am currently working my way through some Cisco interactive labs and Cisco Meraki training literature however I am quite experienced with Meraki from use and self study managing end points and mobile products.</p> <p style="text-align: center;">Hobbies and Interests</p> <p>I have a wide range of hobbies and interests away from ICT, some of these include taking my dog on scenic walks in the peaks, clumber park and Sherwood forest, visiting dog shows and spending time with my partner who lived in Cambridge.</p> <p>I am a qualified skydiver and have skydived in Spain, Hibaldstow (UK), Nevada and California. I engage in bouldering, some rock climbing and abseiling. I also enjoy riding my bike and swimming.</p> <p>I am working on making my home a smart home with use of current technology controlled via smart phone, voice and Alexa, Streaming CCTV, Ring Doorbell & internal PTZ cameras through to Smart thermostat linked to WIFI Lix light bulbs and nest protect WiFi Smoke / Carbon monoxide detector that is designed to shut down my boiler and flash the lights should anything be detected.</p>
